JOÃO LIMA
THE SELF-ASSURED SENSITIVE

João values his time. And also his watch. There is a special watch in Joao's family that has been passed down from generation to generation. It is a beautiful, vintage piece, that João treasures like a talisman. The symbolism of time being of such importance to him, it becomes even more evident when his favorite movie director is Christopher Nolan, notable for time bending movies like "Memento" or "Inception".
